# TREASURER'S REPORT Quarterly Report January through March 2022 April 13, 2022

1. Total Income YTD: \$236,523.00

2. Total Expenses YTD: \$51,885.00

3. Balance for the Operating Account: \$158,182.00

4. Balance for Savings Account as of March 2022: \$85,440.12

5. Balance for Road Account as of March 2022: \$191,299.39

This year I used the membership list currently used as the Master Member List and compared and adjusted our numbers to the Cochise County Tax Assessor's office records for owners, addresses, parcel numbers and livable square footage for each parcel, if applicable. I also compared and adjusted our Acreage numbers on the Master Member List to the Cochise County GIS Parcel Map. As a result of these comparisons, there were changes to 106 parcels. In March a letter was sent to the affected members notifying them their next fiscal year's assessment invoice may be more or less than before.

All documents have been updated and distributed to appropriate board and committee members. Documents included: Master Member List, Section Member List, Maps for MDC and Maps for the website. Dimetri has replaced all the maps on the website.

I have developed a spreadsheet for PMI that includes all the affected parcels and the new assessment amount for the parcels affected by the changes.

An issue for the BOD: Henry Build Design paid two years assessments on 31 memberships for a residence that was never built in Deer Ridge totaling \$930.00.

I would like the BOD's decision as to repay this amount or not.

Questions.

Respectfully Submitted by Donna Willard, Treasurer

MEMORANDUM FOR: 3 Canyons Ranch Master Homeowners (3C) Board of Directors (BOD)

SUBJECT: Master Design Committee (MDC) Summary – 13 April 2022

The following synopsizes key MDC activities for the period 12 January -12 April 2022.

- a. GENERAL. The MDC received and responded to multiple general inquiries, requests for information and assistance from members, prospective members and the PMI team during the period.
- b. MEETINGS. The MDC conducted three formal meetings during the period to consider MDC business. Video conference meetings were conducted on 08 February, 08 March and 12 April 2022. An overview of salient actions is summarized in Paragraph C & D. Specific details are captured in the respective Agenda, Minutes, Voting Logs and Notifications and documented in the MDC Archives.

#### c. APPLICATIONS / VIOLATIONS.

- 1. Summary. The MDC considered 16 member requests during the period. 14 members requests were approved and 2 requests rejected due to non-compliance with CCRs requirements resulting in an initial approval rate of 88%. Members revised the rejected applications which the MDC subsequently approved for a total approval rate of 100% for the period.
- 2. New Construction. The MDC considered and subsequently approved 2 new SFR construction requests during the period.
  - 3. The MDC considered and subsequently approved 14 other applications during the period.

#### d. VIOLATIONS

- 1. The MDC is currently working to resolve 4 complaints regarding CCR Violations and Warning Letters issued to the applicable members.
  - 2. The MDC is reviewing potential CCR violations alleged against 7 3C properties.
- e. MISC. The MDC drafted a new Request for Variance / Appeal Form per BOD directive. This document is currently pending BOD review & concurrence.

Respectfully submitted.

WILL PLATT MDC Chair 3C HOA Richard Frederici Road committee report Apr 3, 2022 at 8:49:09 AM Rich Frederici

#### **Road Committee Report**

The road committee repaired and replaced a fence cut on Calle Cielo Grande. It had been cut to accommodate trespassers. A

report was made to Cochise county sheriffs office and a report number was issued.

The work on the ditches is now approximately 90% complete. The biggest portion of work involved was reconfiguring the ditches on the southside between Oak Ridge and Deer Ridge and Deer Didge and Desert Sumac . This was done in order for us to move the ditches back further from the road and to improve the flow-line in the ditches.

The excess material removed from these areas were used to fill-in portions of the ditches that were too shallow and too V shaped. By spreading the water out over a larger area, we were again able to improve the flow line and reduce the force of water which causes erosion.

Anyone with questions, please feel free to contact me.

### **April 2022 Gate Committee Report**

#### **HARDWARE:**

Gates have been operating well since the last repairs in October 2021.

#### **DATA:**

Data cleanup project completed.

Process for ongoing deactivation of members selling property seems to be working.

- a) Notification comes from Donna on change of ownership.
- b) End of month send notice to new owner with date that previous owner's access will be deactivated.
- c) Deactivated (usually about 60 days after sale)

#### **April 2022 Traffic Control Committee Report**

Camera video monitoring was expanded to include every access through the East Gate using an access code for the months of January – March when I could. This is an extremely time-consuming task (1-3 hours a day, 7 days a week) and time constraints are limited by length of time video is available, how often we request a transaction report, availability of viewer, etc. So I am assessing this method against other analysis methods to see what works best.

- If the vehicle came from the Rio Rancho area, the violation was tracked and vehicle data (description & license) were captured.
- When monitoring identified a code being mis-used in an ongoing way, the code's owner was notified and the code was replaced with a new code.
- 16 codes were identified, deactivated, and replaced with new codes. There will be more coming out of the March review.
- January had an estimated 425 violations; February had 400 tracked violations; March is on track (1-20<sup>th</sup> done) for about 370; so it appears there is some impact from this process.
- Vehicles were watched to see if they continued to trespass with a new code after a code was
  deactivated. Each time, some offenders seem to drop off, but there are the ones that just find a
  new access code.
- It doesn't appear anyone was sent out from the Sheriff's office to warn the trespassers we reported. If they were warned, it doesn't appear to have had any impact.
- We have to accept that there will be the opportunists—those trespassers that zip through an already open gate. If we try to report these to the Sheriff's office, they will never take us seriously about the repeat offenders.

Data mining was done on January – March data to identify possible mis-use of codes.

 6 codes were identified as used an unusual number of times, deactivated, and replaced with new codes.

Data was reviewed to determine how the violators are getting new codes.

- Violators did not use the new code issued to the original code's owner
- On a denial of entry, only in isolated incidents did the violator sit and enter code after code until
  one worked. Sometimes they tried a few and then a homeowner with a remote let them in.
  Mostly they just kept entering the same code.
- On a denial of entry, it did not appear the violator observed a homeowner's code and then continued to use that code.
- It does appear a select group of the violators communicate among themselves, passing along a code that does work.

Personal observation (after seeing the vehicles that are repeat trespassers and watching traffic go by my house right along 3 Canyons Road): The passers and speeders on 3 Canyons Road are NOT the vehicles coming in from Rio Rancho.

#### MAP COMMITTEE REPORT April 13, 2022

There were multiple updates to the maps due to comparison of our current information to Cochise County's current information. Updates included parcel size, parcel numbers and combined parcels. Updated maps were sent to the MDC and Section Reps. Updated maps were uploaded by Dimetri on the website. Parcel 01-061C is still recorded as split into two 4 Ac. parcels by Cochise County as of April 10, 2022. Rick contacted one of the owners in January 2022. The owner reported the brother was buying his portion of the property and it should be completed and combined soon.

#### TRAFFIC CONTROL COMMITTEE REPORT April 13, 2022

Thank you, Chris for your diligence in reviewing the cameras and providing the reports.

#### FINANCE COMMITTEE April 13, 2022

No meeting held. According to the Todd Lundering CPA, referred to us by PMI, Our Association is in very good condition financially. Based on the projected numbers by the Road Committee at January's meeting, we have enough money in the Road Account to pay for the repair and resealing of 3 Canyons Road.

Respectfully Submitted, Donna R. Willard
